

Friday, 24 November 2023

Dear Parent/Carer,

As part of their Personal Development programme, year 11 will be taking part in a series of lessons looking at their future options. These lessons will include researching future careers, interview skills and employment rights and responsibilities in the workplace. In addition, we will be supporting pupils to make an application to study at Post 16 here at Temple Moor. This develops pupils' knowledge of the application system and skills in writing a personal statement, whether they currently intend to stay at Temple Moor or not.

We will also be running an options taster day on February 2nd; completed applications will provide us with crucial information to ensure we are in the best position to place students in their subjects of choice. The deadline to complete applications for options day is the January 19th. The deadline to submit finalised applications is February 9th; students can pick 4 choices and are able to change their choices up until this date.

Applications for our post 16 are now open and can be submitted via the website at the address below, using their username and login that has been provided. We really appreciate your support in helping students make positive choices about their future, whether that be at Temple Moor or elsewhere. If pupils require extra information in making their decisions, they are able book an appointment with Mr Gullen or Mrs Pasfield who are our careers advisors in school.

I have also included a link below for the Sixth form prospectus. With a new £2.6 million expansion due to be finished for September 2024, we are pleased to be able to increase the Post 16 offer; for example, we now offer a T-level in Education and Early years.
